INTERNATIONAL INTERNSHIP AGREEMENT

This International Internship Agreement (the “Agreement”) is entered into as of this _____ day of _____, 201____ (“Effective Date”) by and between Lehigh University, a Pennsylvania nonprofit corporation and educational institution (the “University”) and _____ (the “Experience Provider”) located at _____.

International Internships are established based upon a cooperative three-party relationship between the Internship placement (work experience company), the student, and the University, all working together for mutual benefit and with a common goal -- the education and development of students and future professionals.

The International Internship Program is defined as follows:

WORK EXPERIENCE – A meaningful, professional working experience during which the Lehigh University Student will learn and work under the direction of an Experience Provider mentor in an international workplace or research setting on a project developed by the Experience Provider. This work experience will allow for exploration in the student’s field of study, exploration of a career path, international networking and workplace environment experiences.

To help promote an effective and productive relationship for each of the parties involved in an International Internship Program, the University has developed this Agreement describing the responsibilities of the three parties that participate in the International Internship Program. The International Internship Program experience may occur in a variety of settings provided it meets the goals of the educational experience and is approved by the University.

1. The Experience Provider and the University agree:

   a. to mutually determine the specific University students, date(s) of assignment(s), hours of supervision, and availability of the Experience Provider’s facility as an Internship work experience placement;

   b. to establish the educational objectives of the Internship, devise methods for their implementation, and continually evaluate the effectiveness of the overall Internship program;

   c. to implement coordinated planning and evaluation of the Internship through regular communication between the Experience Provider and the University’s Internship Administrator, and to inform one another of changes reasonably relevant to the purpose of this Agreement (including, without limitation, changes in academic status of a student, availability of learning opportunities, or staff changes affecting either
preparation or supervision of selected students);

d. to notify the other party of a requested withdrawal of a student from an assignment, such withdrawals to be upon such terms and conditions as the parties shall agree;

e. that it shall be the responsibility of each student intern to (i) comply with the Experience Provider’s policies and procedures; (ii) report any serious problems related to the Experience Provider, including physical safety and personnel problems, to the Internship Administrator at the University and the Experience Provider; (iii) maintain a health insurance policy in effect during the full period of any Internship with the Experience Provider, and (iv) prepare and present a report to the Experience Provider at the conclusion of the student’s internship and to the University community upon the student’s return to campus;

f. to provide a contact person (the “Internship Administrator” (University) and the “Internship Mentor” (Experience Provider)) for activities related to the performance of this Agreement. The following contact names and addresses shall be the initial Mentor and Administrator for the Experience Provider and the University:

The University and the Experience Provider agree to indemnify each other from any claims or liability, including reasonable attorneys’ fees, due to their respective negligent acts or omissions arising from the performance or non-performance of this Agreement.

If, however, such claims, disputes, losses, damages, injuries, adverse events or outcomes are the result of the joint fault of both the Experience Provider and the University, the obligation of each party to indemnify the other hereunder shall be limited to the extent of the indemnifying party’s respective fault.
