Lehigh Study Abroad Program Petition

Lehigh students may petition to enroll in a study abroad program which is not on the Lehigh Approved Study Abroad List. Each petition is considered on its own merits and in the context of each student’s individual situation. Students should not assume that their petitions will be approved and should have an alternative program from Lehigh’s approved list as a backup. Petitions will be evaluated by the Lehigh Abroad Faculty Policy Committee, on the following criteria:

1. A student must demonstrate a need that cannot be met through a Lehigh approved program;
2. A student must provide the appropriate program information to satisfy Lehigh faculty of the content and academic rigor of the program;
3. The program must include language study (where appropriate), cultural immersion, and health and safety standards.
4. Programs should have a range of support services comparable to those available at Lehigh.
